

## DEMANDS OF JAPAN UPON CHINA SAID TO BE MOST UNREASONABLE

### GENERAL BELIEF THAT MIKADO TOOK ADVANTAGE OF THE UNPREPAREDNESS OF NEIGHBOR NATION TO MAKE WAR

(By Associated Press.)  
PEKING, May 6.—The ultimatum of Japan to China has reached the Japanese legation. It will probably be presented to the Chinese government this afternoon.

(By Associated Press.)  
MUKDEN, May 6.—The Japanese consular orders have resulted in a general flight of Japanese from Mukden. All the Japanese civilians excepting a few bankers and railroad officials have departed. Japanese troops occupy strategic positions at Mukden, while Chinese soldiers are reported as moving into position south of the city.

(By Associated Press.)  
HANKOW, May 6.—The Japanese barracks at Hankow are prepared for a siege. Many Japanese have departed.

(By Associated Press.)  
LONDON, May 6.—The Daily News in an editorial says: "It would not be easy to parallel such demands from one power to another as Japan has made on China. In many respects they are more stringent than the Austrian demands upon Serbia which led to the European war. China has done nothing to incur such a penalty. If China had been a military nation she never would have been thus challenged."

### MUCH DAMAGE IS DONE BY TORNADO

BUILDINGS DEMOLISHED AND  
NUMBER OF PEOPLE INJURED  
BY HIGH WINDS

(By Associated Press.)  
ARDMORE, OKLA., May 6.—Three people were injured yesterday at Ardmore, where forty buildings were blown down by a tornado. A church was demolished at Ringling. Much damage was done to derricks in the oil fields. Near Wichita Falls, Texas, a schoolhouse was unroofed and several children were injured.

### POLICE REGULATIONS TO PUT END TO DANCING

(By Associated Press.)  
BERLIN, May 5.—The police order to close all dance halls in Berlin was not able to dampen the ardor of the dancers, for whom a way to evade the order was promptly found. This was the establishing of "dancing hours" by hundreds of dancing masters, most of whom were little dancing masters as their clients were pupils. To put an end to this the police have ordered that notice of such "lessons" be given to the proper police station in advance, and that the names of the "pupils" and the hour when they are expected should be included in this notice. The "lessons" may not last more than two hours, and not more than fifty persons may be present.

### Heavy Bullion Shipment Made

The Tonopah Development company this morning shipped by Wells-Fargo 72 bars of bullion, weighing 139,639 ounces. Estimating the gold and silver values at 70 cents an ounce, the total content was worth \$97,747.20. This represents a clean-up of two weeks' time from the company's Tonopah mill. A heavy shipment was also made this morning for the same period from the Belmont's mill at Millers, but the weights and values have not yet been determined. This morning the Tonopah Extension also shipped a two-weeks' clean-up from the mill, consisting of 49 bars, weighing 5960 pounds, worth \$49,500. In addition it sent out 38 tons of concentrates, valued at \$330 a ton, or \$12,540, making a total for the Extension of \$62,040, and a grand total for the day of \$159,787.20, in addition to what went forward from the Belmont mill at Millers.

### CONCRETE SIDEWALK FOR ENTIRE BLOCK

LUNDLEE BROTHERS TO OCCUPY  
NEW BUILDING ERECTED  
BY MR. CRUMLEY

Through the instrumentality of J. Grant Crumley of the National Realty and Investment company, an entire block on Erie Main street, extending easterly from Everett avenue on the south side, will be possessed of a ten foot concrete walk before thirty days have elapsed. Only one property owner has as yet not signed the contract and he is in California, but is being communicated with. The walk will be without a jog or a step. Mr. Crumley has also persuaded the county commissioners to lay a three-foot concrete gutterway at the same time.

This work is coincident with the completion by Mr. Crumley of a handsome business building, 30 by 65 feet, at the corner of Erie Main and Everett. It was built under contract by George E. Holeworth. This modern building will be occupied tomorrow by the Tonopah Electric and Tire company, owned by Lundlee Brothers. This firm has grown steadily and rapidly and when it was forced to seek a new location because of increased business, Mr. Crumley accommodated it by erecting this structure.

### RUM RATIONS CUT TO TWICE A WEEK

(By Associated Press.)  
GENERAL HEADQUARTERS of the British Army, France, May 6.—Contrary to popular belief, the British soldier in the field is not receiving his ration or any other form of alcohol every day. Coincident with, but not necessarily associated with, the temperance agitation in England, the rum rations are now served only twice a week. Warm weather and the desire to cut down the use of stimulants is the explanation. So far as known there has been no protest from the troops. The two drinks a week amount to about half a gill each.

### MILITARY MUSEUM TO HAVE HALL OF FAME

(By Associated Press.)  
AMSTERDAM, May 5.—The Marischal museum in Berlin is collecting letters from soldiers which are considered worthy of permanent preservation. The collection already numbers 700. The Bavarian military museum has decided to install a hall of fame, in which will be kept busts of all the great German army leaders in the present war, with memorial tablets commemorating the names of all Bavarians who have fallen.

## JAPAN INSISTS UPON ALL ITS POINTS

(By Associated Press.)  
TOKIO, May 6.—An extra edition of the Kokumin Shimbun says that the ultimatum stipulates that China must accept unconditionally the Japanese demands, this being decided by

the imperial council. It is understood that the ultimatum demands the acceptance by China of Japan's demands within the time limit, which expires at 6 p. m., May 9th.

## GOLDFIELD COMPANIES END LITIGATION

(Special to the Bonanza.)  
GOLDFIELD, May 6.—The Booth Reorganized Mining company yesterday granted a sideline agreement to the Kewanas Mining company in consideration of the payment of 250,000 shares of Kewanas Extension. It also granted similar rights for 25,000 shares of Lone Star and in addition granted extralateral rights for a small consideration as apexed territory in a small part of one claim. This enables the Lone Star to immediately resume sinking the three compartment shaft that was stopped

when the apex suit was filed. The Jumbo Extension and Booth directors each adopted resolutions for submission to their respective shareholders of the 20th and 31st days of May at special meetings. The Jumbo Extension drift on the 880 level is out 210 feet, with the entire face in ore seven feet wide, sampling \$74. Two carloads were shipped yesterday. Two more went out today. This will relieve the congestion of ore taken out in the course of development work.

## MANY RUSH TO NEW VOLCANO WHICH IS IN LIMELIGHT

ANOTHER STRIKE IS REPORTED  
TO BE MADE ON ORIGINAL  
PROPERTY

People returning from Volcano district last night report that a new strike has been made on the original location a considerable distance from where the first discovery was made. The rock is "lousy" with gold and also shows horn silver, the characteristics being almost identical to those of the first find. William Lynch of the West End brought in a number of samples to have run. He is greatly pleased with not only the ore, but the formation in which it is found.

Meanwhile in the first two shafts work is progressing rapidly. The ledge in each shows a width of nearly three feet and is becoming quite massive. Some of the samples show by their appearance and weight that they contain a considerable proportion of precious metal.

The district is attracting greater attention daily and especially today has there been a big hegebra in the direction of this nearby camp. Several autos set forth at early dawn and a number of outfits for permanent work are being collected in Tonopah and forwarded. It is expected that the first shipment by the lucky finders will yield sensational values. The ore is closely guarded.

## AMERICANS HELD ON ESPIONAGE CHARGE

RELEASED WITH APOLOGIES  
WHEN FOUND NOT THE  
MEN WANTED

(By Associated Press.)  
VIENNA, May 6.—Ex-Senator Lafayette Young, accompanied by a former American deputy consul at Bene, was arrested yesterday at Innsbruck on suspicion of espionage directed against Young and his companion. Young was released with apologies. His companion was held a day before he satisfied the authorities that he was not the man sought.

(By Associated Press.)  
DES MOINES, May 6.—Young was in Europe in his capacity as war correspondent for his paper, the Des Moines Capital.

### WILL TRAIN HERE SATURDAY

The Goldfield boxers, who were scheduled to train at the Big Casino this afternoon, will be over on Saturday instead.

WARREN RICHARDSON was a passenger this morning for Oakland.

## GERMAN ADVANCE IN WESTERN GALICIA STILL CONTINUES

CONTENDED BY BERLIN THAT  
GENERAL RETREAT BY RUSSIA  
HAS BEGUN

(By Associated Press.)  
LONDON, May 6.—The battle in western Galicia has developed into one of the greatest in the war. Petrograd admits that the situation is serious, although it is asserted that the advance of the Austro-Germans has been checked. Berlin contends that the Russians have begun a general retreat. The whole position in the Carpathians is precarious. The entire eastern campaign may turn on the events of the next few days. The Germans have made further gains in Belgium, and Paris is conceding that the Germans won a position on hill No. 60, near Ypres.

(By Associated Press.)  
VIENNA, May 6.—The victorious Austrian advance continues along the entire west Galicia front. Fifty thousand Russian prisoners have been taken.

### ACCEPTS POSITION IN BANK

E. J. Monahan was an arrival from Carson City this morning. Mr. Monahan comes to accept a position with the Tonopah Banking corporation. He is a well known and experienced bank man, having served for years as assistant cashier of the Carson Valley bank of Carson, and the Farmers and Merchants National bank of Reno. We are pleased to welcome him and his family as permanent residents of our city.

### HARRY DELL HERE TO FIGHT JACK BRATTON

"I will take the measure of Jack Bratton on the evening of May 14 in the Airdome," said Harry Dell upon his arrival from San Francisco this morning. "I am in the pink of condition even before beginning the training." Dell has fought here before and is a popular scrapper. He will start working out in the gymnasium tomorrow afternoon at 1:30.

B. F. EDWARDS, vice president of the West End Consolidated Mining company, returned to San Francisco this morning.

## GERMANS STILL VICTORIOUS IN A DESPERATE BATTLE WEST GALICIA

### ALLIES IN GALLIPOLI IN A PRECARIOUS POSITION, HAVING BEEN SURROUNDED UPON LANDING BY THE TURKISH ARMY

(By Associated Press.)  
VIENNA, May 6.—A battle of the most desperate character has continued all night and day without break in west Galicia. The Austro-Germans continued to gain on the southern section of the front, capturing position after position from the Russians.

(By Associated Press.)  
LONDON, May 6.—There are reports of consistent progress of the allies at the Dardanelles, which are contradicted by Constantinople. It is said that the troops landed at Gallipoli are in a precarious position, being surrounded by the Turks. The British and French say that the attack by the Turks on the encampment at Krithia resulted disastrously for the Turks, who fled, leaving 1500 dead. In Rome there is a revival of hope of a peaceful settlement of the negotiations between Italy and Austria, owing to Austria's realization of the necessity of making territorial concessions. The schooner Earl of Latham was torpedoed by a submarine off Kinsale, Ireland. The crew was rescued. The trawler Stratton of Grimsby was submerged in the North Sea. The crew was rescued. The steamer Cathay, bound from Copenhagen for China, was mined or submarined in the North Sea, sinking in twenty minutes. Forty-three passengers and the crew were rescued.

## CALIFORNIA LAW MAKING NEAR END

LEGISLATURE WILL ADJOURN  
SATURDAY NIGHT OR SUNDAY  
MORNING

(By Associated Press.)  
SACRAMENTO, May 6.—The final adjournment of the legislature at 11 o'clock Saturday night has been decided upon by the leaders in both houses. It is believed that the clock will be stopped at midnight and that the session will run into the morning. The senate voted by 27 to 12 to adopt Campbell's constitutional amendment for the restoration of the poll tax, which was abolished at the general election on initiative. If the assembly takes similar action the poll tax will again be voted on by the people at the next election.

## SIR DOUGLAS HAIG A MAN OF THE HOUR

WAS SCARCELY KNOWN IN ENGLAND  
AT BEGINNING OF  
THE WAR

(By Associated Press.)  
LONDON, May 6.—Sir Douglas Haig, who has won high praise in Sir John French's dispatches, was scarcely known in England at the beginning of the war, outside of the army. He first came into public notice at the battle of the Aisne, where his conduct was described by his superiors as "bold, skilful and decisive." At Ypres his reputation was further enhanced, and now his work at Neuve Chapelle has made him a national hero.

Sir Douglas Haig began his practical military career with Sir John French. He was chief of staff to French, then colonel, in the brilliant series of minor operations that prepared the way for Lord Roberts' advance at Colesberg, South Africa.

Besides his Boer war experience, Sir Douglas has served on the staff in India and been director of military training at the war office. In the recent summer maneuvers he has always commanded one of the armies. Sir Douglas is a Scot and a member of a well known family.

### MRS. MARY McMILLAN BURIED THIS AFTERNOON

The funeral of the late Mrs. Mary McMillan took place this afternoon. Services were conducted by Rev. Ralph W. Bayless in the Presbyterian church. The interment was in the Tonopah cemetery.

### ULTIMATUM SENT

(By Associated Press.)  
TOKIO, May 6.—It is officially announced that Japan has sent its ultimatum to China.

## JUDGE CHILDS WILL NOT BE IMPEACHED

JURIST CENSURED FOR BEING  
TOO ACTIVE IN POLITICS  
IN HIS COUNTY

(By Associated Press.)  
SACRAMENTO, May 6.—The assembly judiciary committee has prepared to consider the findings of its subcommittee which last night recommended that there be no impeachment proceedings against Judge John Childs of Del Norte county. The judge was censured but the evidence was regarded as insufficient to warrant a trial by the senate. The report says: "He was too active and concerned himself unduly with cases being sent to his court. He has not been a model judge. He has been too active politically."

### SNOW AND FROST IN MIDDLE WESTERN STATES

(By Associated Press.)  
KANSAS CITY, May 6.—Snow fell in northwest Kansas and in the Panhandle. Frosts occurred in Nebraska, the Dakotas, Montana and Wyoming.

(By Associated Press.)  
DENVER, May 6.—Snow fell here and at Cheyenne last night.
